

1. Product name

COLLAGEN PEELING CREAM 100 ML

2. Product description

Collagen Peeling Cream is intended for exfoliating all types of skin. Its creamy texture prevents skin irritation and dehydration. Small-grain natural exfoliating particles in a form of ground oyster shells not only gently exfoliate the epidermis but also improve micro-circulation and supply valuable elements such as calcium, magnesium, iron, potassium, and zinc. The product smoothes the skin and prepares it for absorbing other valuable substances. Besides exfoliating compounds, the product contains Collagen, Aloe Vera and Noni extract as well as Borage oil, Allantoin and D-Panthenol that nourish, moisturise, soothes, and smooth the skin. After using Collagen Peeling Cream, the skin regains its natural tone and becomes fresh and radiant. Used regularly helps maintain healthy and clean skin.

3. Effects

- Gently cleanses and exfoliates dead epidermis
- Improves skin tone and lightens discolorations
- Nourishes, moisturises and firms the skin
- Leaves the skin smooth and rejuvenated

4. Composition (INCI)

Aqua, Caprylic/Capric Triglyceride, Isopropyl Myristate, Sucrose Stearate, Cetearyl Alcohol, Glycerin, Hydrogenated Polydecene, Polyethylene, PEG-60 Almond Glycerides, Ostrea Gigas, Glycol Stearate SE, Borago Oficinalis Seed Oil, Castroyl Maleate, Cetearth-25, Collagen, D-Panthenol, Aloes (Aloe barbadensis) Extract, Allantoin, Morinda Citrifolia Fruit Extract, Elastin, Caprylyl Glycol, Lactic Acid, Propylene Glycol, DMDM Hydantoin, Iodopropynyl Butylcarbamate, Phenoxyethanol, Methylparaben, Ethylparaben, Butylparaben, Propylparaben, Isobutylparaben, Parfum, Hexyl Cinnamal, Butylphenyl Methylpropional, Linalool, Limonene.

5. Ingredients

D-Panthenol - biologically active precursor of vitamin B5 (panthotenic acid), present in all living tissues. It has an unusual ability to bind water in the skin. Soothes irritations and allergic conditions. Prevents the appearance of wrinkles by nourishing and revitalising the skin. Helps maintain a youthful appearance.

Allantoin - regenerates and accelerates renewal of damaged epidermis. Has strong soothing properties. Reduces burning sensation and redness of sensitive skin. Has a moisturising action, leaves the skin smooth and soft. Provides a healthy skin tone.

Collagen - it is a protein that constitutes about 30% of the total human protein mass and as much as 70% of the skin protein. Collagen and elastin form a flexible net inside the dermis, which makes the skin firm and elastic, but also serves as a fibroblast support. Moreover, collagen has a unique ability of binding water, which regulates proper skin hydration. Collagen boosts skin renewal processes, deeply regenerates, and moisturises the skin.

Borage oil - is a valuable ingredient used only in the best cosmetics. The oil is particularly recommended for dry, cracked, and flaking skin. It contains large quantities of unsaturated fatty acids, including up to 25% of gamma-linolenic acid (GLA) that is an essential ingredient of human epidermis. The acid is necessary to maintain proper skin functions. Borage oil visibly soothes all irritations and assists in skin regeneration, preventing its premature aging. Thanks to its unique composition, it regulates skin hydration, softens the epidermis, and reduces tissue tension and resulting itching.

Aloe extract - contains a number of valuable compounds such as amino acids, including exogenic amino acids that form part of the natural moisturising factor, vitamins A, C and E, all vitamins from the B group as well as folic acid, all important for maintaining healthy skin; micro- and macro-elements, including calcium, sodium, potassium, manganese, chromium and zinc responsible for proper nourishment of the skin. Moreover, Aloe Vera extract contains enzymes and hydroxyacids to assist in the removal of dead epidermis cells and in regenerating the epidermis, naturally preventing skin aging. Aloe Vera also contains ingredient with astringent, mildly disinfecting, and cleansing properties. A wide variety of beneficial substances ensures unusual comfort for the skin, particularly for people with dry, sensitive skin prone to irritation. Providing compounds necessary for the skin to function properly, Aloe Vera extract strengthens the skin, restores its firmness, elasticity and healthy tone.

Fruitliquid Noni PG - extract from fruits of a tropical plant called *Morinda Citrifolia*. For over 2000 years, the plant has been used by Polynesian physicians and healers. As many as 100 important ingredients have been found in Noni, including magnesium, calcium, phosphorus, copper and iron as well as large quantities of vitamin C, pro-vitamin A, vitamins from the B group and a series of unique proteins and enzymes. The extract highly nourishes, revitalises, regenerates the skin, and ensures its adequate hydration.

Oyster shells (exfoliating material) – it is a fully natural product not processed chemically. The material contains such elements as calcium, magnesium, iron, potassium, and zinc. Oyster Shell as an ingredient of exfoliates gently cleanses the skin, removes keratinised epidermis, leaves the skin soft and elastic and restores its natural radiance and freshness.

6. Application method

Apply the product to wet fingertips and gently rub the skin with rotating movements. Rinse with warm water. Use once or twice a week. Avoid contact with eyes. Do not apply to areas with acne changes.
